

Rent draft beer equipment and buy draft beer

Draft beer from Jelling Brewery is an obvious choice for giving your next party or reception an extra spark. Nothing compares to the joy of serving and enjoying a fresh and cold draft beer at your own party. We make it possible for you to choose the equipment and types of beer for your special needs and we sell to both private customers as well as companies.

There are several obvious advantages:

- No empty bottles
- Always fresh and cold beer
- Much better taste
- Enhances the mood of the party
- Impresses your friends
- Very easy to transport and set up

You can rent the equipment for draft beer and buy our beer in kegs of 20 litres:

- 20 litres of regular beer, i.e. Haralds Pilsner, Gorm Dark, Høstbryg or similar DKK 650,-
- 20 litres of luxury beer, i.e. Jelling Guld or Kongens Julebryg DKK 695,-
- Plastic cups of 0,4 litre each DKK 1,-

Rental of draft beer equipment	Equip. w/1 spigot	Equip. w /2 spigots
Rental of equipment incl. CO2 and cleaning	DKK 200,-	DKK 300,-
50% disc.on the rental when you buy more than	2 kegs	3 kegs

All prices include VAT and require that you pick up and return the equipment and kegs yourself. Unopened kegs can be returned.

Our equipment is air cooled and ready to serve cold beer the minute you plug it in. The equipment has a capacity of 40 litres of cold beer per hour.

When you need to calculate how much beer you need the following rules of thumb applies:

- Receptions: 1 beer per guest if you are also serving wine
- Family gathering: 2-3 beers per guest if you are also serving wine with dinner
- Youth party: 4-5 beers per guest
- Bachelor party: 5-6 beers per guest
- 1 keg of 20 litres = app. 50 beers of 0,4 litres

Since our beers are more full-bodied than regular beers the usage cannot be compared directly.
